Tri Coffee Table

The Tri Coffee Table is a premium reproduction inspired by classic mid-century modern American sculptural design. Noguchi considered it his one stand-out success as a furniture designer and it is clear to see why. An abstract piece, this beautifully balanced coffee table is recognized for its unique base support and freeform glass top, becoming a functional sculpture. Available in American walnut, walnut stain, natural ash, or black lacquer, the Tri Coffee Table is a modern centerpiece for any living room or office.
