DSW Chair - Fiberglass

These innovative chairs became some of the most popular and critically acclaimed items of mid-century modern furniture. The DSW Fiberglass Side Chair “ the acronym 'DSW' standing for dining height, side chair shell, wooden dowel base “ is a premium version of the molded plastic DSW Side Chair and was one of the first industrially manufactured reinforced plastic chairs. This iconic chair is comfortable as it contours to the natural shape of the human body, and will equally complement any living room, office, or dining space.
