## Gipsy Chair

The Gipsy Chair reproduction is inspired by Italian design firm Archivoltò for Bontempi. Archivoltò's goal to provide a chair for everyone was met with the sleek and minimalist design of this most practical chair. The slight curve of the backrest and comfortable round dip of the seat are made from a simple mold of polypropylene plastic. This magical material is regarded for its light and durable properties, lending to the modern and functional design of this everyday chair.
