

Rove Classics

Wassily Chair

Despite having its origins in the 1920[™]s the Wassily Chair continues to push the boundaries of contemporary furniture design. Using stainless steel tubing inspired by bicycle construction, this piece is still an outstanding achievement in how the design is reduced to only the essential structural lines. A 3mm thick side wall and a heavy duty seamless tubular steel frame combine with sleek and sturdy leather straps to offer an unmatched modern masculine appeal. The perfect backwards angle of 20 degrees and suspended seat provide surprising comfort for such a bold linear chair.

Details
