Wishbone Mini Chair

The Wishbone Mini Chair is a miniature child-sized version of the classic mid-century modern Wishbone Chair. This miniature version features the same iconic minimalist inspired design and natural premium materials. The chair uses one piece of solid wood for the back and the armrest, slightly curving at the crane for a warm uphold. The curving top rail and tapered legs are stunning additions to the comfortably flexible yet sturdy woven seat. The craftsmanship displays a misleading complex construction, a rare combination of natural and practical elements to be enjoyed in all spaces.
